Acknowledgments

This research received clearance from Makerere’s School of Social Sciences Research Ethics Committee (MAKSSREC 01.23.627/PR1) as well as from the IFPRI Institutional Review Board (DSGD-23-0108). The research was registered with the Ugandan National Council for Science and Technology (SS1657ES) and at the American Economic Association (AEA) RCT Registry (AEARCTR-0010666).

We thank Richard Ariong, Wilberforce Walukano, and Marc Charles Wanume for field support. This work is part of a broader set of coordinated trials testing similar interventions (seed trial packs and a consumer-focused intervention) in different contexts across six sites (Trachtman et al., 2023). We are also indebted to the CGIAR Market Intelligence Work Package 3 team—Julius Juma Okello, Beliyu Haile, Martina Cavicchioli, Prakashan Chellattan Veetil, Vikram Patil, Maya Moore, and Catherine Ragasa—for comments and suggestions.

Funding

We thank all funders who support this research through their contributions to the CGIAR Trust Fund (<https://www.cgiar.org/funders/>). In particular, funding from the CGIAR Initiative on Market Intelligence and the CGIAR Initiative on SeedEqual is gratefully acknowledged.

Declaration of generative AI in the writing process

During the preparation of this work the authors used OpenAI and Anthropic models to obtain editorial suggestions to improve clarity and readability and to explore alternative phrasing for technical terms. After using these tools, the authors reviewed and edited the content as needed and take full responsibility for the content of the article.

Declaration of competing interest

The authors declare that they have no known competing financial interests or personal relationships that could have appeared to influence the work reported in this paper.

Data and code availability
